DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 4, 7, and 19-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are confusing since there is no person, animal, etc. to whom the composition is being administered to.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in-

(1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the

treaty defined in section 351(a) shall have the effect under this subsection of a national application published under section 122(b) only if the international application designating the United States was published under Article 21(2)(a) of such treaty in the English language; or
(2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351(a).

Claims 1, 4, 7 and 19-21 are rejected under 35 U.S.C. 102(a) as being anticipated by Nakajima et al. (ref. BO), Krakauer et al. (ref. BG), Kimura et al. (ref. BF), Chi et al. (ref. AAB), or Chen et al. (ref. AAA).

The references each teach that an extract from *Scutellaria baicalensis* is administered to a patient.

Claims 1, 4, 7 and 19-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Li et al. (ref. BI) or Meybeck (ref. AB).

The references each teach that an extract from *Scutellaria baicalensis* is administered to a patient.

Claims 1, 4, 7 and 19-21 are rejected under 35 U.S.C. 102(e) as being anticipated by Xinxian (ref. AH), Newmark et al. '995, Newmark et al. '346, Newmark et al. 416, or Kuhrts.

The references each teach that an extract from *Scutellaria baicalensis* is administered to a patient.
